

Monty Python Argument Clinic

https://www.youtube.com/watch?v=yTI9zYS3_dc

INDEPENDENT ACTIVITY:

Click on the video above and answer the questions about argument fundamentals.

CLASSROOM GUIDED ACTIVITY:

As you watch the video, follow the teacher's instructions to complete the worksheet below.

What is the difference between "Argument" & "Contradiction"?

Argument:	Contradiction:
------------------	-----------------------

**They argue about "This isn't an argument." "Yes it is."
What premises (if any) are provided to support each side of the argument?**

"This isn't an argument."	"Yes it is."
----------------------------------	---------------------

Who is actually arguing? What qualifies their approach as an argument?

What is the subject of their 2nd argument?

What logical premises are provided to support each argument?
